Footnotes:

(1) The approved hourly rate, or fraction thereof, for services provided by a Department Veterinarian.

(2) The approved hourly rate, or fraction thereof, for services provided by a Department Registered Veterinary Technician.

(3) The approved hourly rate, or fraction thereof, for field services.

(4) The adoption price of large animals will be 50% of the purchase price for such animals in the retail market. The retail purchase price is established by obtaining the average purchase price from three independent retail sources and calculating the average price. At no time will a large animal be adopted for less than the market price for slaughter unless authorized by the Director.

(5) The adoption price of small animals will be 50% of the purchase price for such animals in the retail pet market. The retail purchase price is established by obtaining the average purchase price from three independent retail sources and calculating the average price. At no time will a small animal be adopted for less than \$10 unless authorized by the Director.

(6) The adoption price does not include spay/neuter/trust, microchip, license, and pain medication fees, if applicable.
