

**Frank's journey and passion for animals started in 1986 at the Arizona Humane Society (AHS) where he gained immeasurable insight into what it takes to manage a private non-profit organization who helps tens of thousands of animals a year. After a fulfilling journey with AHS, in 2005, he became the Deputy Director for the Riverside County (CA) Department of Animal Services. There he helped build 4 state of the art animal campuses and helped to institute lifesaving programs which brought a tremendous increase to positive outcomes and healthier communities.**

**As the South County Deputy Director with the Los Angeles County Department of Animal Care and Control, he oversees Downey and Baldwin Park animal care centers. He also oversees Licensing and Enforcement and our Facilities units. He is proud to be helping one of the largest animal control organizations in the nation move into a new future of animal care.**

**His passion is to serve. Frank states, "I love that life has allowed me to fulfill the roles which I have in the animal control and welfare profession, and to be part of a community of professionals with such heart, drive, compassion, and passion."**

**Frank has been a dog dad to many foster fails over the years. Him and his family currently share their home with Roxy a 15-year-old Chihuahua, Lilly a 5 year old King Charles Spaniel, and Buttercup a 1 year old Minpin.**
