

**Whitney Duong began her career with the County of Los Angeles in 1999 working across five different departments. Her experience includes contracts and grants management, human resources, and budgeting. However, it was in 2009 when she joined the Department of Animal Care and Control (DACC), finding her true calling and her fur-ever family. As the Contracts and Grants Division manager, Whitney possesses extensive exposure and hands-on experience across various operational and administrative domains, enabling her to grasp the broader perspective.**

**Over her 13+ years at DACC, Whitney has had the privilege of working closely with every level of the organization. She has worked closely with community volunteers, contract city representatives, the animal care team, animal control managers, and the executive leadership team. These interactions have profoundly enriched her appreciation for DACC's mission—advancing the well-being of animals and people in the County of Los Angeles.**

**Whitney is deeply honored to be a part of the DACC family and is committed to fostering a diverse, equitable, and inclusive environment that supports our workforce and the communities we serve. Outside of work, she enjoys spending quality time with her dogs, providing them with home spa treatments, traveling, and indulging in food and travel YouTube contents.**
