

Bradley Kim started his career with Los Angeles County in 2016 when he was selected to participate in the Management Intern program. Due to his passion for animals, Brad chose to spend his second year as an intern with the Department of Animal Care and Control and - as the saying goes - the rest is history.

Brad permanently joined DACC as the Grants Administrator, applying for grants and overseeing grant funds distributed throughout the seven care centers. During this time, he also became part of the Contracts Division team and helped garner new relationships with contract cities. He looks forward to further strengthening these relationships as the Contracts and Grants Division (CGD) Manager. Brad now serves as the manager of DACC's Contracts, Grants, and Analytics Division.

Brad's "paw-sion" for animals continues at home, too, where he and his wife frequently foster DACC's unweaned kittens. In his spare time, he enjoys playing with his DACC alumni dogs Hercules and Wish, painting, cooking, and cuddling his DACC foster fail kitties while watching the Miami Dolphins with his son.
