Emergency Pet Preparedness

The County of Los Angeles is experiencing critical fire weather and is under a Particularly Dangerous Situation Red Flag advisory starting Tuesday, January 7, 2025, until Friday, January 10, 2025. The areas from the Antelope Valley to Santa Clarita—including the Santa Monica, Malibu, and the Santa Susana Mountains—are especially vulnerable to extreme weather conditions.

The County of Los Angeles Department of Animal Care and Control (DACC) wants to assure the public it is ready to respond to evacuations if the need arises but also encourages everyone to be prepared with an evacuation plan that includes your pets and livestock.

Information about emergency preparedness for animals can be found on DACC's website at: <https://animalcare.lacounty.gov/emergency-response/>. Pet owners can find a list of items to put in their pet's "go bag" at <https://ready.lacounty.gov/pet-disaster-supply-kits/>. A wealth of emergency preparedness information is also available at Ready.LACounty.gov and the FEMA "Petpared" website at [Are you "Petpared" for Disasters? | FEMA.gov](https://www.fema.gov/are-you-petpared-for-disasters).

About Noah's Legacy Fund

These services are critical to the communities DACC serves as it continues to respond to the wildfires, flooding, and earthquakes that can occur. The Foundation has purchased emergency response supplies, as well as mobile medical triage ambulances, tow vehicles, and evacuation trailers for horses, livestock, and household pets. The Foundation is a four-star rated charity by Charity Navigator and has achieved the Platinum Transparency rating from Candid.
